

# Parallel & Distributed Computing: Lecture 4

Alberto Paoluzzi

October 2, 2019

## 1 Introduction to Julia language 2/2

# Introduction to Julia language 2/2

# Think Julia

## Table of Contents

Copyright

Dedication

Preface

Why Julia?

Who Is This Book For?

Conventions Used in This Book

Using Code Examples

Acknowledgments

Contributor List

### 1. The Way of the Program

What Is a Program?

Running Julia

The First Program

Arithmetic Operators

Values and Types

Formal and Natural

Languages

Debugging

Glossary

Exercises

### 2. Variables, Expressions and Statements

Assignment Statements

Variable Names

Expressions and Statements

Script Mode

# Think Julia: How to Think Like a Computer Scientist
